Ears (make 2)

Making up

- Fold the sides of the head together and close the snout (that is the black end) and the seam in the middle as shown in the picture
- Turn the head so the right side is out. This makes the snout a bit more rounded
- Sew up the head, filling it as you proceed
- Fold the base of each ear and secure with a few stitches
- Attach the ears to the head
- Embroider the eyes in BLACK in the white band on the head
- Fold the main hat and close the back and the black half of the front of the hat
- Attach the head to the neck
- Make a bundle of 5 pieces of BLACK wool of 10 cm each, fold them in half and tie a knot in the middle. This is the zebra's tail. Attach the tail to the main hat
- Weave in all remaining threads
- The short manes can be made as follows: place a knitting needle on top of the zebra and use it to make loops around it, white loops in the white stripes and black loops in the black stripes. Three loops in each stripe is fine. Make loops on top of the neck and the head as well. Weave in the ends and take out the knitting needle. Alternatively, only make a few manes on top of the head
